CONSTITUTION OF COMMITTEE	v
FOREWORD	vii
SCOPE	viii
PART 1 UNITED KINGDOM STATUTORY REQUIREMENTS AND OTHER RELEVANT GUIDANCE	xi
PART 2 RECOMMENDED PRACTICE	xix
Section	
1 General requirements	1
2 Earthing and bonding	8
3 Application of diversity factors	15
4 A.C. systems	16
5 D.C. systems	19
6 Switchgear, switchboards and distribution boards	20
7 Distribution	26
8 Protection	29
9 Generating plant and motors	36
10 Construction of cables	42
11 Selection and installation of cables	47
12 Tables of current rating of cables	65
13 Motor control gear	85
14 Batteries	88
15 Lighting	96
16 Heating and cooking appliances	101
17 Semiconductor converters for power purposes	104
18 Transformers for power and lighting	106
19 Accessories	109
20 Communications and navigation aids	112
21 Control and instrumentation	114
22 Lightning protection	120
23 Electrical installations in hazardous areas	123
24 Systems operating at above 1 kV a.c.	124
25 Mobile offshore installations	128
26 Tests and inspections of completed installations	149
27 Definitions and explanations of terms	156
28 Graphical symbols	159

Appendices		
A	List of Standards referred to in text	160
B	Guidance on the selection and use of socket-outlets and welding equipment	168
C	Guidance on the treatment of the neutral point	173
D	Guidance on electromagnetic compatibility	186
INDEX		197

EDITIONS

The following Editions have been published

FIRST EDITION Issued in 1983.

SECOND EDITION Issued in 1992.
