UPDATE (Nov 2004)

The update mainly reflects changes as a result of BS 7671 : 2001 (2004). This list of non editorial changes is provided to help trainers and lecturers, and in case you wish to update any printed versions of the book which you may have.

Preface,
   Amend first paragraph, third line:
   … some of the requirements of BS 7671 : 2001 inc Amd No 4, Requirements …

3.2.2,
   Amend second paragraph:
   … HSE Publication ‘PM64-HSG 118’. Electrical safety …

Section 2, Page 17, second paragraph after “The cable standards are:”, and
Section 7, before the sub title “General”
   Add the following note
   Note: Many cable standards have been amended as from 1st April 2004. See note to list of standards in Appendix A.

Appendix A, Page 72, after the sub title “Cable specifications”
   Add the following note
   Note: Those standards indicated by an asterisk have been amended as from 1st April 2004. This is primarily to introduce the harmonised core colours that are included in Amendment No 2 to BS 7671 : 2001. The original (unamended) versions of these standards remain current until 31st March 2006.

Appendix A, Pages 72 and 73
   Add asterisks to the following:
   BS 5467, BS 6724, BS 7211, BS 7629-1, BS 7629-2, BS 7846, BS 6004 and BS 6346.

Appendix A, Pages 72, Thermosetting cables
   Add the following:
   * BS 4553-3 : 1998 Cables having thermosetting insulation and low emission of smoke and corrosive gases when affected by fire.

   BS 8436 : 2004 300/500 V screened electric cables having low emission of smoke and corrosive gases when affected by fire, for use in thin partitions and building voids.

The cover’s wording and colour has changed to reflect BS 7671 : 2001 (2004) i.e. “including Amendment No 2 : 2004” added and brown circles used.
